# Welcome to Chelsea Tutorials!

**What is Chelsea Tutorials?** Chelsea Tutorials is a ministry of Grace Presbyterian Church, PCA, to the homeschool community. Chelsea Tutorials provides classes to support the home educated student.

**What is a tutorial?** Think of a tutorial like a 1- or 2-day-per-week class. Your child will be in a classroom setting with an instructor and peers. Assignments may be made so that your child has the opportunity to review the current week's concepts and prepare for the next week's class.

**Who teaches at Chelsea Tutorials?** Most instructors are parents of students. Many of our instructors have advanced degrees. Many have taught in a formal classroom environment (either in public or private school). Most have homeschooled their own children or are otherwise actively engaged in the education of their children. All instructors have passed background checks.

**How big are the classes?** Class size ranges from 4 students to 16 students, depending on the age of students and the subject matter.

**Who will be in class with my child?** Other homeschooled students. Many classes are multi-age level classes spanning 2 or 3 grade levels.
