HeARTfully Creative (Art for Middle School) (6th through 8th grade)

Course Description: "In the beginning, God created"....those are not only the first words of the book of Genesis, but they are also the first insights we have into our God. He created. His creativity is all around us. We are all God's "Masterpiece" as He made each one of us unique. He has given each one of us special talents and creative abilities that were designed just for us.

This year, we will focus on tapping into our God-given ability to be creative. We will learn to examine art from the perspective of the artist and history. Then, we will explore many mediums and learn how to manipulate art techniques to create a unique "Master's" piece.

Our goal for this class is to experience art. We want to help students release their fears and insecurities in their ability to be creative. Because we live in such a "left brain" society of logic, our goal is to allow the students to give their right brains permissions to express and unleash their creativity. By exploring their talents, we desire for the students to be confident in who God created them to be.

Let Loose, Let Go, Drop Fears and Insecurities, Be Creative!

Prerequisite: none
