2020 - 2021

Elementary Science: Considering God's Creation (3rd through 5th grade)

Course Description: Students in Considering Gods Creation will review the natural science that correlates with each day of creation. We will play games, sing songs, have arts and crafts, notebook, and have meaningful experiments throughout the year. We will study the universe, earth, rocks and minerals, weather, the plant kingdom, the animal kingdom, animal anatomy, and human anatomy. We will attempt to get a glimpse of our awesome Creator through His creation. Each week, we will learn about a scientific topic, expand our scientific vocabulary and introduce a song or poem to help us remember our topic, read the Bible, have an activity/notebook. Most importantly our view of the world will be shaped by the One who made it.

Prerequisite: A 3rd grade reading level is required.

Instructor: Mrs. Becky Shirley graduated with her Bachelors of Science from the University of Montevallo in 2004. Afterwards, she worked with the ARC of Shelby County as a Service Coordinator for children birth to age five. She has also worked for the Shelby County Board of Education as an Elementary Paraprofessional. Since being called to homeschool her children, she has taught and tutored various classes. Mrs. Shirley has been married to her husband, Daniel for 14 years. They homeschool their two children in Chelsea, Alabama, where they have happily lived for the past 13 years.
