2021 – 2022

Elementary Science: Considering God's Creation (3rd through 5th grade)

Course Description: Considering Gods Creation: Universe, Earth, Plants, and Weather. Students in Considering Gods Creation will review the natural science that correlates with each day of creation. We will play games, sing songs, have arts and crafts, notebook, and have meaningful experiments throughout the year. We will study the universe, earth, rocks and minerals, weather, and plants. We will attempt to get a glimpse of our awesome Creator through His creation. Each week, we will learn about a scientific topic, expand our scientific vocabulary and introduce a song or poem to help us remember our topic, read the Bible, have an activity/notebook. Most importantly our view of the world will be shaped by the One who made it.

Prerequisite: A 3rd grade reading level is required.

Instructor: Mrs. Becky Shirley graduated with her Bachelors of Science from the University of Montevallo in 2004. Afterwards, she worked with the ARC of Shelby County as a Service Coordinator for children birth to age five. She has also worked for the Shelby County Board of Education as an Elementary Paraprofessional. Since being called to homeschool her children, she has taught and tutored various classes. Mrs. Shirley has been married to her husband, Daniel, for 15 years. They homeschool their two children in Chelsea, Alabama, where they have happily lived for the past 14 years.

Texts:

Eagle's Wings – Considering God's Creation: A Creative Biblical Approach to Natural Science Student Notebook (ISBN 978-1-931292-16-0). This item is no longer in print but seems to be readily available in the used market at www.isbns.net for \$15 or less. It is NOT necessary to purchase the instructor's guide. (If your student took Elementary Science at Chelsea Tutorials in Spring of 2021, it is the same notebook- you do not need to purchase an additional one. We will complete the rest of the book.)

Supplies: glue, crayons or coloring pencils, markers and scissors. Please bring a water bottle.

Homework Level: None required, but your child might enjoy exploring on their own. You could easily use this class as your entire science curriculum for the year.

Location: TBD... somewhere in Chelsea ☺

Days: Tuesday

Time: 2:00 – 3:30

Grade Level: 3rd - 5th grade

Tuition and Fees:

Registration Fee: \$25 nonrefundable payable to Becky Shirley

Tuition: \$150 per month semester

Facility Fee: The semester facility fee for this class is \$30 per student, not to exceed \$180 per family. This fee is payable to Grace Presbyterian Church, PCA, on the first day of class.

Class Minimum: The class will have a minimum of 6 students and a maximum of 12 students.
